SURFACE WATER DRAINAGE

CLAIMING LOWER SEWERAGE CHARGES FOR YOUR HOME THROUGH THE VILLAGES SUSTAINABLE URBAN DRAINAGE SYSTEM

Following discussions with Severn Trent Water, we have been made aware that Lightmoor residents may be eligible for a reduction in their sewage charges to Severn Trent.

Residents may be aware that the village has a unique Sustainable Urban Drainage System or SUDS where rain water is diverted into the ground via a series of ponds and under ground soak-a ways, with a minimum amount of water flowing into the Lightmoor Brook.

It is the long term intention that Severn Trent will adopt part of this system and at that stage are likely to be able to charge for the surface water disposal.

In the interim Lightmoor residents may be able to claim a refund for water charges already paid and a reduction against future charges.

A copy of the claim form is available from the estate office at 7 Stocking Park Road and will also be made available at the Residents open morning on Saturday 5th April 2008. It is also available to download from Severn Trent Water's website (http://www.stwater.co.uk/upload/pdf/B5154_-_SWD_web_pdf.pdf).

If you require assistance in completing your form, please call Severn Trent on 08457 090646. Estate Management Staff cannot assist residents in completing the claim forms

If you require more information concerning your charges, or are unhappy with the service you are receiving from Severn Trent Water you may wish to contact OFWAT.
