

***The panel was delighted to receive this nomination from a child who is obviously VERY proud of their dad. It is clear that Karl was a real star over lockdown helping to get food out to people who couldn't get out of their homes. It was a frightening time for many of us. It sounds like he has made many local friends and continues to help when he can even while back at work.***

***Well done Karl!!!!***

From the nomination:

Karl is my dad and for the last five months he has been volunteering at the Bread Basket delivering bread and cakes to the vulnerable. Even though he is back at work he still delivers for free because he has made friends with the people he has delivered to. He has even been doing shopping for people. My dad is a Bournville Star.
