

The panel were impressed by those who worked behind the scenes to make it work for others. Kate and Andy responded to the call. This kind of back-up help is essential if the delivery of food and gifts and, on this occasion the VE Day boxes, is to go smoothly and bring a moment of happiness in difficult times.

From the nomination:

Kate and Andy were helping all afternoon giving cake to Street Champions on VE Day whilst others were frantically packing boxes of cake.

It was a hot day and they cheerfully stood outside on the lawn and expertly oversaw all the logistics of getting all the boxes of cake to the right Street Champion.

This was a special one-off event that was very special for some 75 people and their families.
