

The panel were impressed with Sarah's ability to coordinate such a large group of volunteers during the Covid crisis. In times of need Sarah was always there to provide advice and guidance over the phone, helping to develop the confidence and resilience of so many "new" local volunteers in our communities. We know she went beyond her normal working hours to provide the wrap around support that was needed. Thank you.

From the nomination:

Since we went into lockdown back in March (which seems like a lifetime ago), Sarah has given her time entirely to supporting the very popular and much needed Bournville Covid-19 Facebook group. She has helped to coordinate groups of volunteers of 900+ people and helped to develop the 'street champions', responded to countless Facebook queries and offered guidance to those most in need over the telephone. Each week Sarah has dedicated many hours voluntarily to helping people in our local community and has always gone the extra mile. Thank you Sarah.
